

LibFile::modifySpiceNetlist

```
graph LR; A[LibFile::modifySpiceNetlist] --> B[LibFile::generateRCLines]; A --> C[LibFile::splitString];
```

The diagram illustrates a function call sequence. A central box labeled 'LibFile::modifySpiceNetlist' has two outgoing blue arrows. The top arrow points to a box labeled 'LibFile::generateRCLines', and the bottom arrow points to a box labeled 'LibFile::splitString'.

LibFile::generateRCLines

LibFile::splitString
