

```
exprtk::details::quaternary  
_node::collect_nodes
```

A diagram illustrating a function call. On the left, a gray rectangular box contains the text 'exprtk::details::quaternary \_node::collect\_nodes'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'exprtk::details::node \_depth\_base< expression \_node< T > >::collect'.

```
exprtk::details::node  
_depth_base< expression  
_node< T > >::collect
```
